### A one sentence summary of the claim

My neighbour works graveyard shifts and her dog barks all night long and I can't sleep.

### Description

Provide enough detail to let the respondent and tribunal know what your claim is about. You don't need to include every detail here. You'll be able to add more later.

My neighbour works graveyard shifts and when she leaves for work her dog barks all night long until she gets back home about 8 AM. The strata corporation bylaws don't allow for things that cause a nuisance to other owners. This dog causes a nuisance to me because I am not able to sleep most nights, because her dog's barking keeps me awake.
